

CWSC Annual Progress Report

Fiscal Year 2014

Fiscal year 2014 was very positive for CWSC. The year-end was a milestone as CWSC completed its first full year of national operations in the black and with many projects ahead of schedule. Tremendous work went into preparations for the first National Town Hall in St. Louis, Missouri. But it was just the beginning...

The follow-on work of building a national intelligentsia with all of its components began in earnest after the August 2014 Town Hall. Significant steps would be undertaken in 2014 to accelerate the design and implementations of the administrative support systems and other major components needed for national operations.

From our website and social media presence to organization of teams and committees, it is the commitment of volunteers around the nation that has gotten the job done and kept CWSC not only out of debt, but with a positive balance sheet.

As we wrap up our first year of national operations, we're inspired by the tremendous support and well wishes received from individuals and organizations around the country as we pull together diverse talent to help all of us achieve greater excellence in our model community life.

This is the day we have prayed for, to be in this shared freedom space of community service, where the voice of every believer is respected and where each of our intellects can be leveraged for the maximum benefit of the entire community.

Here are the accomplishments we have been blessed to achieve in less than a year:

- Attained IRS Code Section 501(c)(3) tax exempt status as a non-partisan faith-based conference.
- Sponsored the first National Town Hall for Mutual Consultation in the Show Me State of Missouri and Gateway City of St. Louis.
- Established the Townhall Central website at www.cwsc.us.
- Established and continuing to expand our social media and electronic footprint.
- Established a National Think Tank & Clearing House to receive ideas from any believer on how to improve our life and work.
- Established 7 National Focus Teams (8 more pending) plus internal operating Committees with 50 volunteers across 12 states and growing, to collaborate on solutions to complex social issues and research new opportunities.
- Established the National Leadership Advisory Council (NLAC) comprised of representatives from other national community service organizations, to encourage optimal collaboration and communication among national leaders serving our community.
- Established the first National Speakers Bureau to take our voices in a major way to the broader American public (fully online by February 2015).
- Established the Model Communities National Resource Directory (fully online in February 2015) giving registered nonprofits free access to talented consultants across a broad array of training and disciplines. Similar benefits will be available to for-profits.
- Selected as the new home for American Muslim 360 Radio to preserve the broadcast institution as a vital community trust.

This year CWSC has logged more than 1500 volunteer hours. And every hour has been for the sake of Allah (SWT) and love for our community.

On the Agenda for 2015:

- Student internships, scholarships, and leadership council to develop a new cadre of talented and devoted national and local community service leaders.
- Online and offline education, training and development through seminars, webinars, and teleconferences to assist all our institutions with organizational excellence and expanded community outreach capabilities.
- Expansion of AM360 Radio Network as an international broadcast medium.
- Expansion of the CWSC Volunteer Library and Bookshelf.
- Opening of the CWSC Online Store.
- Establishment of grants, philanthropic and corporate support teams to fund model community development.
- Planning for the 2016 National Townhall.

Join us! Volunteer in the area of your passion on a self-directed schedule, along with other like-minded believers. Meet new people and learn new skills. Let your intellect take our community to new heights...to remake the world.
