### FROM THE CEO AMERICAN MUSLIM 360

Re: **CWSC 2015 Annual Report**

Dear Believers: As-Salaam Alaikum (Peace be with you).

I am honored as CEO for American Muslim 360 and a Senior Advisor to our parent and managing corporation, the Community Wide Shuraa Conference, Inc. (CWSC) to report that American Muslim 360 completed calendar year 2015 stronger than ever.

Because of a wonderful team in our executive director and board, our executive producer, hosts, engineers, all our supporting CWSC volunteers and of course our loyal listenership, we met and exceeded our 2015 programming and financial goals. AM360's performance is a testament to the strategic planning and work ethic of our executive, management and host teams, in ensuring we stay true to our core values of building a shared freedom space 'where your intellect is respected and your voice protected.'

While we celebrated the 502,000+ listenership milestone, I was particularly excited as well to help coordinate our first CWSC AM360 Radio-Telethon that proved how important CWSC and AM360 are to our community. The love shown by the believers for the work we are accomplishing is very gratifying and makes every minute and hour spent in service worth it. We tackled a host of subjects in 2015 including addressing the issues of violent religious extremism and Islamophobia. We broadcast the salat al jumah to those unable to be present in the musella on Fridays and kept the voice of our leader, Imam W. Deen Mohammed (RA) front and center. Please take a moment to review the CWSC [2015 Annual Report](#) to see all our accomplishments and those of our sister intelligentsia components.

I was also blessed to serve as CWSC's liaison with the United Nations as a participant with the Samuel DeWitt Proctor Conference which was a truly remarkable opportunity. We're looking forward to returning to the U.N. in April this year to discuss the CWSC Resolution on Global Drug Policy. I look forward to sharing my report with you at AM360.

And of course, our entire family was honored when we learned that AM360 and CWSC founder, my beloved Thomas Abdul Salaam (RA), was being posthumously honored with an annual college scholarship for his service. Visit CWSC to learn more about the *The Twin Servant of Peace Excellence in Broadcasting & Communications Award* and more scholarships.

As we look ahead to 2016 and beyond, our future is bright. I have been given a great honor and charge as CEO to serve you. And while the responsibility of CEO is a weighty one, I know "on no soul does Allah place a burden greater than it can bear..." I have made a promise to fulfill

**American Muslim 360...celebrating 502,000+ listens and counting!**

this leadership role to the best of my ability, and I ask for your prayers and continued support that Allah (SWT) will bless us together to build the most excellent communications center we can to help remake the world.

Thank you for being a loyal listener and supporter. Share AM360 and CWSC with a fellow believer, family member or friend, and your masjid. And stay tuned to the #1 Islamic blogtalk station in the nation...the best is yet to come. Blessed 2016.

As-Salaam-Alaikum (Peace be with you).
