

Subject: Scholarships for Students of Color!!

A number of companies and organizations have set money aside for scholarships to minority students, but a great deal of that money is being returned because of a lack of interest or awareness. Money shouldn't be returned to donating companies because people are failing to apply for it because they don't know about it.

Please get the word out through your networks that money is available. If you work with youth (directly or indirectly), in high schools or organizations serving them and the students, are a parent, college student or getting ready to become one, you'll want to know about the available resources. Please see the list below of 51 donating organizations. If for whatever reason clicking on the link does not work, type in the Web site address manually. Best of luck in your efforts!
